Forward-Looking Statements

This document contains certain forward-looking statements with respect to a possible combination involving AbbVie and Shire. The words "believe," "expect," "anticipate," "project" and similar expressions, among others, generally identify forward-looking statements. AbbVie cautions that these forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those indicated in the forward-looking statements. Such risks and uncertainties include, but are not limited to, the possibility that a possible combination will not be pursued, failure to obtain necessary regulatory approvals or required financing or to satisfy any of the other conditions to the possible combination if it is made, adverse effects on the market price of AbbVie's common stock and on AbbVie's operating results because of a failure to complete the possible combination, failure to realise the expected benefits of the possible combination, negative effects relating to the announcement of the possible combination or any further announcements relating to the possible combination or the consummation of the possible combination on the market price of AbbVie's common stock, significant transaction costs and/or unknown liabilities, general economic and business conditions that affect the combined companies following the consummation of the possible combination, changes in global, political, economic, business, competitive, market and regulatory forces, future exchange and interest rates, changes in tax laws, regulations, rates and policies, future business combinations or disposals and competitive developments. These forward-looking statements are based on numerous assumptions and assessments made by AbbVie in light of its experience and perception of historical trends, current conditions, business strategies, operating environment, future developments and other factors it believes appropriate. By their nature, forward-looking statements involve known and unknown risks and uncertainties because they relate to events and depend on circumstances that will occur in the future. The factors described in the context of such forward-looking statements in this document could cause AbbVie's plans with respect to Shire, actual results, performance or achievements, industry results and developments to differ materially from those expressed in or implied by such forward-looking statements. Although it is believed that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct and persons reading this document are therefore cautioned not to place undue reliance on these forward-looking statements which speak only as at the date of this document. Additional information about economic, competitive, governmental, technological and other factors that may affect AbbVie is set forth in Item 1A, "Risk Factors," in AbbVie's 2013 Annual Report on Form 10-K, which has been filed with United States Securities and Exchange Commission (the "SEC"), the contents of which are not incorporated by reference into, nor do they form part of, this document. AbbVie undertakes no obligation to release publicly any revisions to forward-looking statements as a result of subsequent events or developments, except as required by law.

Responsibility

The directors of AbbVie accept responsibility for the information contained in this document and, to the best of their knowledge and belief (having taken all reasonable care to ensure that such is the case), the information contained in this document is in accordance with the facts and it does not omit anything likely to affect the import of such information.

Additional Information

This document is provided for informational purposes only and does not constitute an offer to sell, or an invitation to subscribe for, purchase or exchange, any securities or the solicitation of any vote or approval in any jurisdiction, nor shall there be any sale, issuance, exchange or transfer of the securities referred to in this document in any jurisdiction in contravention of applicable law. Subject to future developments, AbbVie may file a registration statement and/or tender offer documents with the SEC in connection with a combination. Holders of Shire and/or AbbVie shares should read those filings, and any other filings made by AbbVie with the SEC in connection with the combination, as they will contain important information. Those documents, if and when filed, as well as AbbVie's other public filings with the SEC may be obtained without charge at the SEC's website at www.sec.gov and at AbbVie's website at www.AbbVie.com.

A strategically compelling and financially attractive combination

Larger and more diversified biopharmaceutical company with multiple leading franchises

Adds leading franchises within specialty therapeutic areas, including rare disease and neuroscience

Broad and deep pipeline of diverse development programs and enhanced R&D capabilities

Global resources and experienced teams positioned to continue to deliver strong shareholder returns to both AbbVie and Shire shareholders

Transaction expected to achieve a competitive tax structure and provide New AbbVie with enhanced access to its global cash flows

Transaction expected to be accretive to adjusted EPS¹ in the first year following completion, and will increase to more than \$1.00 per share by 2020

Significant financial capacity for future acquisitions, investment and opportunity for enhanced shareholder distributions and value creation

¹ Adjusted EPS excludes intangible asset amortization expense and purchase accounting adjustments and other specified items. The statement that the Transaction is earning accretive should not be construed as a profit forecast and is therefore not subject to the requirements of Rule 28 of the Code. It should not be interpreted to mean that the earnings per share in any future financial period will necessarily match or be greater than those for the relevant preceding financial period.

Recommended combination terms

- Shire shareholders will be entitled to receive
 - **£24.44 in cash and**
 - **0.8960 New AbbVie shares for each Shire share**
- Terms represent
 - An **indicative value of £52.48** per Shire share based on AbbVie's closing share price of \$53.52 on July 17, 2014¹
 - An **indicative value of £53.19** per Shire share based on AbbVie's 30-day volume-weighted average price of \$54.83 to July 17, 2014²
 - **£32bn for the entire issued and to be issued share capital of Shire**³
- **Premium of 42% to Shire's share price** on the last business day prior to the commencement of the offer period⁴
- **Shire shareholders expected to hold approximately 25% in New AbbVie**, offering the ability to participate in the future prospects of the combined group
- Cash portion to be funded through **existing balance sheet cash and new debt**
- Combination expected to be implemented by a **scheme of arrangement and expected to be completed in Q4 2014**

¹ Exchange rate of \$1.00:£0.5848 on July 17, 2014, the latest practicable date before the Revised proposal was made, and assuming one New AbbVie share is issued for each existing AbbVie share in the simultaneous AbbVie holding company restructuring described in the Rule 2.7 announcement

² Exchange rate of \$1.00:£0.5853 (30 day average exchange rate to 17 July 2014); \$54.83 per AbbVie share (30 day volume weighted average share price) is calculated using the price and volume of each AbbVie share trade between 18 June 2014 and 17 July 2014 as provided by Bloomberg

³ Based on the indicative value of £53.19

The combination of AbbVie and Shire would create an enhanced, strongly capitalized platform across research and clinical development, with a broader and deeper pipeline of robust development programs

Note: Shire pipeline shown excludes geographic expansion of marketed products and products currently on clinical hold

Combined with AbbVie, Shire's potential can be maximized

AbbVie is **highly experienced in developing and commercializing specialty pharmaceuticals globally**

AbbVie and Shire have **complementary leadership positions in the Gastrointestinal space**

AbbVie has had a **strong track record extending core franchises** through lifecycle management and **growing core products** through label extensions

AbbVie and Shire would have a **stronger combined pipeline in ophthalmology**

AbbVie has a **fully integrated R+D model** including **>\$500mm budgeted in discovery R+D spend¹** that is likely to benefit Shire

AbbVie has a **strong track record in completing and integrating acquisitions**

¹ AbbVie budgeted discovery R&D spend in 2014

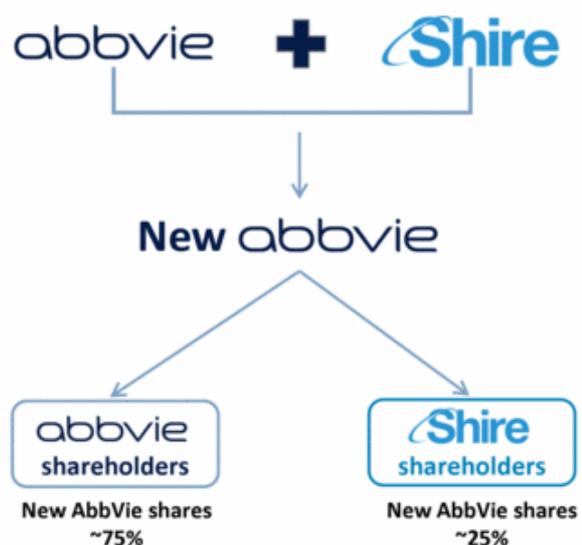

Greater financial profile than standalone capabilities

- Greater **strategic and financial flexibility and attractive free cash flow** to support potential for **enhanced business development** and **shareholder return of capital policy**
- AbbVie expects the **effective tax rate for New AbbVie to approximate 13% by 2016**; the new tax structure will provide AbbVie with **flexible access to its global cash flows**
- AbbVie expects the transaction to be **accretive to AbbVie's adjusted EPS¹ in the first year following completion**, growing to **above \$1.00 per share by year 2020**, with **material ongoing financial and operating benefits**
- **Access to cash** and financial wherewithal not available on a standalone basis combined with a **world-class business development group** to drive **continued portfolio expansion**
- Intention to **maintain a strong commitment to a growing dividend and to implement a significant share repurchase program**
- Potential for **strengthened sustainability of top-tier EPS growth**
- **Intention to maintain AbbVie's investment grade ratings profile**

¹ Adjusted EPS excludes intangible asset amortization expense and purchase accounting adjustments and other specified items. The statement that the transaction is earnings accretive should not be construed as a profit forecast and is therefore not subject to the requirements of Rule 2B of the Takeover Code. It should not be interpreted to mean that the earnings per share in any future financial period will necessarily match or be greater than those for the relevant preceding financial period

New AbbVie corporate structure

- The combined entity would operate under a new holding company, New AbbVie, would be **incorporated in Jersey and is expected to be resident in the UK for tax purposes**
- New AbbVie would retain **operational headquarters in Chicago** as well as a **strong presence in the USA and the UK**
- New AbbVie shares are intended to be **listed on the New York Stock Exchange**

Next steps

- Combination intended to be implemented by means of a court-sanctioned scheme of arrangement between Shire and the Scheme Shareholders under Article 125 of the Companies Law
- Scheme Circular expected to be published in autumn 2014
- Scheme to become effective and transaction expected to be completed in Q4 2014
- Subject to approval of both AbbVie and Shire shareholders
- Subject to customary legal and regulatory approvals
