Item 1 is hereby amended and supplemented as follows:

Questions and Answers about the Offer and the Merger

The second paragraph of the section “Does AbbVie have the financial resources to complete the offer and the merger?” is hereby deleted in its entirety and amended and restated as follows:

AbbVie has entered into a 364-Day Bridge Term Loan Credit Agreement (the “bridge loan agreement”) with the various financial institutions named therein, as lenders, and Morgan Stanley Senior Funding, Inc., as administrative agent for the lenders. The bridge loan agreement provides for an \$18.0 billion term facility under which, subject to the satisfaction of certain conditions, AbbVie may request up to two borrowings: (i) one in an amount up to \$18.0 billion on the first date on which the offer is consummated and the conditions to funding of the bridge loan agreement have been satisfied (the “bridge closing date”) and (ii) one on any date within 60 days after the bridge closing date in an amount up to the lesser of \$6.0 billion and the amount of the \$18.0 billion commitment remaining after the initial borrowing.

On May 5, 2015, AbbVie priced \$3.0 billion aggregate principal amount of 1.800% Senior Notes due 2018, \$3.75 billion aggregate principal amount of 2.500% Senior Notes due 2020, \$1.0 billion aggregate principal amount of 3.200% Senior Notes due 2022, \$3.75 billion aggregate principal amount of 3.600% Senior Notes due 2025, \$2.5 billion aggregate principal amount of 4.500% Senior Notes due 2035 and \$2.7 billion aggregate principal amount of 4.700% Senior Notes due 2045 (collectively, the “Notes”) in an underwritten registered public offering (the “Notes Offering”). AbbVie also entered into an Underwriting Agreement providing for the issuance and sale of the Notes. The Notes Offering is expected to close on May 14, 2015, subject to customary closing conditions. AbbVie intends to use the net proceeds from the Notes Offering to fund the cash component of the acquisition consideration in connection with the acquisition of Pharmacyclics, Inc., to finance the repurchase from time to time of shares of AbbVie’s common stock for cash in connection with such acquisition, whether pursuant to an accelerated share repurchase program or otherwise and regardless of whether consummated substantially concurrently with or following the consummation of such acquisition and to pay related fees and expenses, and the remainder, if any, for general corporate purposes. The Notes Offering is not contingent on the completion of such acquisition.

AbbVie expects to terminate the Bridge Loan Agreement upon the closing of the Notes Offering.

No other plans or arrangements have been made to finance the consummation of the offer and the merger. No alternative financing arrangements or alternative financing plans have been made in the event such financings fail to materialize. See “The Offer—Source and Amount of Funds.”
