PRESS RELEASE

Revised GAAP earnings guidance for AbbVie Inc for the Financial Year ending December 31, 2014 and Third Quarter ending September 30, 2014; Confirms Adjusted Earnings Guidance

Following the announcement of the collaboration agreements with Calico Life Sciences LLC (Calico) and Infinity Pharmaceuticals Inc (Infinity), AbbVie is amending its earnings guidance on a GAAP basis for the year ending December 31, 2014 and the third quarter ending September 30, 2014 as follows:

Revised Full-Year 2014 GAAP guidance:

Excluding the potential impact of the transaction with Shire, AbbVie is reducing its full year 2014 earnings-per-share guidance range on a GAAP basis to \$2.11 to \$2.21 after reflecting a reduction of \$0.47 per share in relation to the upfront investment as part of the collaboration agreement with Calico and a reduction of \$0.11 per share in relation to the upfront investment in the Infinity collaboration. The full amount of both investments will be treated as a specified expense in 2014.

In addition, excluding the potential impact of the transaction with Shire, AbbVie is confirming its adjusted earnings-per-share guidance for the full-year 2014 of \$3.06 to \$3.16.

AbbVie's 2014 outlook continues to exclude any potential revenue from the expected 2014 U.S. launch of its hepatitis C (HCV) therapy.

1

Revised Third-Quarter 2014 GAAP guidance:

Excluding the potential impact of the transaction with Shire, AbbVie is also reducing its Q3 2014 earnings-per-share guidance range on a GAAP basis to \$0.41 to \$0.43 after reflecting the reduction of \$0.27 per share in relation to the initial commitment of the upfront investments in Q3 as stated above.

In addition, excluding the potential impact of the transaction with Shire, AbbVie is confirming its adjusted earnings-per-share guidance for the third quarter 2014 of \$0.77 to \$0.79, which also continues to exclude any potential revenue from the expected 2014 U.S. launch of its hepatitis C (HCV) therapy.

Additional Information and Where to Find it

In furtherance of the combination, AbbVie Private Limited ("New AbbVie") has filed with the SEC a registration statement on Form S-4 containing a preliminary Proxy Statement of AbbVie that also constitutes a preliminary Prospectus of New AbbVie relating to the New AbbVie Shares to be issued to New AbbVie Stockholders in the combination. In addition, AbbVie, New AbbVie and Shire may file additional documents with the SEC. INVESTORS AND SECURITY HOLDERS OF ABBVIE AND SHIRE ARE URGED TO READ THE PROXY STATEMENT/PROSPECTUS, AND OTHER DOCUMENTS FILED WITH THE SEC IN CONNECTION WITH THE TRANSACTION CAREFULLY AND IN THEIR ENTIRETY, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION. Those documents, when filed, as well as AbbVie's and New AbbVie's other public filings with the SEC may be obtained without charge at the SEC's website at www.sec.gov, at AbbVie's website at www.abbvieinvestor.com and at Shire's website at www.shire.com. AbbVie plans to mail its stockholders the definitive proxy statement/prospectus after the registration statement on Form S-4 is declared effective by the SEC. Non-GAAP results adjust for certain non-cash items and for factors that are unusual or unpredictable, and exclude those costs, expenses, and other specified items presented in the reconciliation tables later in this release. Non-GAAP financial measures should be considered in addition to, and not as a substitute for, measures of financial performance prepared in

accordance with GAAP. The company's 2014 financial guidance is also being provided on both a reported and a non-GAAP basis.

Schedule 1

Profit Forecasts for AbbVie Inc for the Financial Year ending December 31, 2014 and Third Quarter ending September 30, 2014

In accordance with Rule 28.4(a) of the Code, the principal assumptions upon which the profit forecasts are based are included in this Schedule 1 to the announcement. In accordance with Rule 28.4(b) of the Code, there is a clear distinction made between assumptions which the Directors of AbbVie (or other members of AbbVie's management) can influence and those which they cannot influence.

1. General

AbbVie is amending its GAAP earnings guidance for the year ending December 31, 2014 and the third quarter ending September 30, 2014 as follows:

Revised Full-Year 2014 GAAP guidance:

Excluding the potential impact of the transaction with Shire, AbbVie is reducing its full year 2014 earnings-per-share guidance range on a GAAP basis to \$2.11 to \$2.21 after reflecting a reduction of \$0.47 per share in relation to the upfront investment as part of the collaboration agreement with Calico and a reduction of \$0.11 per share in relation to the upfront investment in the Infinity collaboration. The full amount of both investments will be treated as a specified expense in 2014.

In addition, excluding the potential impact of the transaction with Shire, AbbVie is confirming its adjusted earnings-per-share guidance for the full-year 2014 of \$3.06 to \$3.16.

AbbVie's 2014 outlook continues to exclude any potential revenue from the expected 2014 U.S. launch of its hepatitis C (HCV) therapy.

Revised Third-Quarter 2014 GAAP guidance:

Excluding the potential impact of the transaction with Shire, AbbVie is also reducing its Q3 2014 earnings-per-share guidance range on a GAAP basis to \$0.41 to \$0.43 after reflecting the reduction of \$0.27 per share in relation to the initial commitment of the upfront investments in Q3 as stated above.

In addition, excluding the potential impact of the transaction with Shire, AbbVie is confirming its adjusted earnings-per-share guidance for the third quarter 2014 of \$0.77 to \$0.79, which also continues to exclude any potential revenue from the expected 2014 U.S. launch of its hepatitis C (HCV) therapy.

The Revised Full-Year 2014 GAAP guidance and Revised Third-Quarter 2014 GAAP guidance constitute profit forecasts for the purposes of the Code (the "AbbVie Profit Forecasts").

In the above statements, diluted earnings per share is defined as net earnings attributable to AbbVie divided by the weighted average number of diluted shares for the year. The computation of weighted average shares for diluted earnings per share adds back incremental shares from assumed conversions of stock options, net of assumed share repurchases and LTIP shares to the weighted average shares of basic earnings per shares.

The Profit Forecasts and the material assumptions, upon which they are based, are set out in Schedule 1 of the announcement issued by the Company dated September 3, 2014 (the "**Document**").

This report is required by Rule 28.1(a)(i) of the City Code on Takeovers and Mergers issued by the Panel on Takeovers and Mergers (the "City Code") and is given for the purpose of complying with that rule and for no other purpose.

Responsibilities

It is the responsibility of the Company and directors of the Company (the "**Directors**") to prepare the Profit Forecasts in accordance with the requirements of the City Code.

It is our responsibility to form an opinion as required by Rule 28.1(a)(i) of the City Code as to the proper compilation of the Profit Forecasts and to report that opinion to you.

Save for any responsibility which we may have to those persons to whom this report is expressly addressed and for any responsibility arising under Rule 28.1(a)(i) of the City Code to any person as and to the extent therein provided, to the fullest extent permitted by law we do not assume any responsibility and will not accept any liability to any other person for any loss suffered by any such other person as a result of, arising out of, or in connection with this report or our statement, required by and given solely for the purposes of complying with Rule 23.3(b) of the City Code, consenting to its inclusion in the Document.

Basis of Preparation of the Profit Forecasts

7

Basis of Opinion

We conducted our work in accordance with the Standards for Investment Reporting issued by the Auditing Practices Board in the United Kingdom. Our work included evaluating the basis on which the historical financial information included in the Profit Forecasts have been prepared and considering whether the Profit Forecasts have been accurately computed based upon the disclosed assumptions and the accounting policies of the Group. Whilst the assumptions upon which the Profit Forecast are based are solely the responsibility of the Company and the Directors, we considered whether anything came to our attention to indicate that any of the assumptions adopted by the Company and the Directors which, in our opinion, are necessary for a proper understanding of the Profit Forecasts have not been disclosed or if any material assumption made by the Directors appears to us to be unrealistic.

We planned and performed our work so as to obtain the information and explanations we considered necessary in order to provide us with reasonable assurance that the Profit Forecasts have been properly compiled on the basis stated.

Since the Profit Forecasts and the assumptions on which they are based relate to the future and may therefore be affected by unforeseen events, we can express no opinion as to whether the actual results reported will correspond to those shown in the Profit Forecasts and differences may be material.

Our work has not been carried out in accordance with auditing standards generally accepted in the United States of America or auditing standards of the Public Company Accounting Oversight Board (United States) and accordingly should not be relied upon as if it had been carried out in accordance with those standards.

Opinion

In our opinion, the Profit Forecasts have been properly compiled on the basis stated and the basis of accounting used is consistent with the accounting policies of the Group.

Yours faithfully
